

Our environmental policy

At **Exitex** we believe that every sale is worth doing and worth achieving and worth reducing our impact on the environment and waste.

We believe that with our experience, resources, and talent, we can reduce our impact on the environment and prevent pollution.

To reduce our impact on the environment our objectives are:

- Reduce the amount of waste produced.
- Reduce the consumption of raw materials, water, and fuels.
- Use recyclable and renewable materials in place of virgin products where possible.

Directors and staff will meet our objectives by:

- Giving honest answers.
- Sorting out problems quickly and making sure they don't occur again.
- Not making excuses.
- Meeting all our legal, moral and compliance obligations to our customers, ISO 14001 and FSC®.
- Constantly reviewing and improving what we do.
- Informing and looking after our staff and growing our own talent.

The directors and all staff are committed to establish, maintain, fulfil, constantly review, and improve our environmental management system standards to protection of the environment, prevention of pollution and meet our compliance obligations and achieve our objectives to enhance our environmental performance.
